- a. Representatives. b. Group of people. c. Leaders. D. Decision makers.

Read the passage carefully and answer the following questions.

Students in the sixth grade of a certain school in Navi Mumbai love their history lesson thanks to a novel teaching aid. It is not surprising given the fact their study material includes comic books and they use their textbooks for reference to put things into perspective. Besides, students are encouraged to tap other sources of information as well. During history classes, students' pore over comic strips of historical periods, enact characters of emperors and tyrants, and have animated discussions on the subject.

According to the school principal the comic strip format and visuals appeal to the students. A historian feels that using comics in schools is a great idea. Comics and acting help students understand what characters in the story are actually thinking.
